

## **Grassroots Camps 2021:** **Dates to follow.**

In 2021 it is intended that four training Grassroot camps will be run, subject to relaxation of the Govt lockdown rules. These will consist of two northern camps, and two southern ones.

The aim of these Camps is to prioritise Grassroot riders who are aiming to develop and represent their Station Saddle Club at ISL. Priority will be given to Military riders who do not own a horse, who can train and compete at ISL. Horsey owners may still apply, as well as non-serving Saddle Club members; allocation will be on a fill up basis.

Partial funding has been granted by the EA, however, there will be a personal contribution required.
